PLAYING RINK ALLOCATIONS

The Greenranger writes up the daily rinks allocation sheets using the Club fixture list book; the yellow diaries that are in the Secretary's corridor and which contains bookings for External and Club Internal Competition matches as entered by Members.

The daily allocation sheets show at a glance which rinks are available for members to use. These are displayed in the secretary's office corridor also on the web site. In writing them up the Greenranger takes note of the priorities accorded to National, County, Club and Internal Competition levels. If you are planning such a game please try to enter your booking early and follow the instructions on the front of each yellow diary; casual play rollups have a separate entry method not involving the yellow diaries. The above applies to both Summer and Winter play.

DAILY ROLL-UP

For Members playing a Roll-Up there is a "sign in" book also kept on the table by the main door. Members sign in as **they arrive** and names are allocated to rinks on a first come first served basis. The players by agreement form "triples" "rinks", or "pairs" according to numbers of players and rink availability and who will play in what position (1,2,3 and Skip). This activity is an excellent stepping stone providing practice and social contact. You may invite bowlers who are non members they must pay the appropriate rink fee. (Envelopes are on the table by the door.)

CLUB KNOCKOUT COMPETITIONS

All Members are eligible to enter Club Competitions (ENTRY FORMS AND FEES PAYABLE) although for some, the rules limit eligibility. **An unbendable rule is that if you know at entry closing date that you will not be able to make the date of the Finals you are barred from entry.** After players have submitted their entries the Competition organisers compile the "draw" sheets and publish them (including dates by which rounds must be played) in the Secretary's corridor and on the web site, the first named player in each match is the "Challenger" who in the main has prime, but not sole responsibility, for offering the opponent three alternative dates and agreeing a start time. If you have not been contacted ring the opponent do not leave it to the last minute. Usually the **Challenger arranges for the match** to be entered in the Daily Yellow Diary. Also for singles, the Challenger arranges the "marker".
